The Bath Royal Literary & Scientific Institution (founded in 1824) is based in a unique listed building in the heart of the historic city of Bath.

Here we put on a programme of talks and discussions, which is unrivalled for the range of subjects covered, and featuring some of today’s leading thinkers and researchers.

Here also are housed our Collections: internationally recognized items of geology, natural history, ethnography, and archaeology; a library of 10,000 antiquarian books and the correspondence of many eminent 19th century scientists including Charles Darwin.

Entry to our talks cost £4 visitors or £2 members / students
Exhibitions are FREE
